PROGRAM JUNE 26th, 2025

National Onboarding Day for new colleagues in Research Software Training and Support and in Data Interoperability Support

Location: Domstad, Koningsbergerstraat 9, 3531 AJ Utrecht

Website: https://www.accommodatiedomstad.nl/

09:30   walk-in: registration: select workshops afternoon

10:00   welcome by Lieke de Boer (eScience Center) and Tanya van Goch (SURF)

opening words by Marta Teperek (Open Science NL/NWO)

10:30   landscape overview in a speed carrousel

- NL-RSE: by Yan Grange (Astron)

- Toddler steps at Twente, tips of a new RSM coordinator by Efe Sozeri (UT)

- SMP: video - by Maurits Kok (TU Delft)

- Interoperability Across Data Repositories - Andre Castro (DANS)

- eWatercycle by Bart Schilperoort (eScience Center)

- Technologies and Ontologies for improving Dementia Care by Rinesh Baidjnath Misier (UMCG)

11.15   break

11:30 The grand challenge by Anne Mickan (Radboud UMC), an open-source platform for

developing machine learning solutions in biomedical imaging

12:00   lunch with posters

13:00   Digital Competence Centres on how they plan to strengthen their research

software programs and software training offerings and invest in research data interoperability expertise

1. Thematic Digital Competence Center Social Science and Humanities DCC (TDCC-SSH) by Nicole Emmenegger

2. TDCC NES by Lena Karvovskaya

3. TDCC LSH by Kimberley Zwiers

4. DCC PO by Sarah Coombs

5. LDCC Maastricht University by Pedro Hernandez

14:00 workshops round 1

1. LEGO® Metadata for Reproducibility https://eprints.gla.ac.uk/196477/ by Joëlle Jagersma, and Svetlana Zevorona

2. Community Led Resources : Ghost Collective, Programming Cafes, The Turing Way, The Carpentries by Lena Karvovskay (TDD NES) a, Neha Moopen (UU), Bjørn Bartholdy, Aleksandra Wilczynska

3. Soft skills: collecting needs and resources from the community, exchanging experiences and practice in a safe environment. by Maurits Kok, Niket Agrawal (both TU Delft), Fenne Riemslagh (eScience Center) and Sarah Coombs (DCC PO)

4. Experiencing programming, creating a game with Scratch in 30 minutes, with the purpose to understand better what programmers do, by Robin Morelissen (Het LessenLab)

15:00   workshops round 2 (as above)

16:00   RST-NL by Fenne Riemslagh (eScience Center) for bringing all new software trainers together in a national community & platform; Offering 2 train-the-trainer workshops; carpentries instructor training and research software support training

16: 10 Professionalizing RSE careers report and next steps Lieke de Boer (eScience Center)

16:15   Closing: what is next: buddy program, TDCC community, NSRD (25th of November)

16:25- 17:00 drinks
