

Highlights

from RDA-NL members on RDA group activities:

1 Professionalizing Data Stewardship Interest Group

- Alongside two other RDA groups, they co-hosted a joint-meeting session at RDA's 25th Plenary in Melbourne (October 2025) titled, "Creating Personas: Workshopping the Data Steward Persona Methodology"
- Update provided by Yan Wang (TU Delft)

2 Policies in Research Organisations for Research Software (PRO4RS) Working Group

- This WG is a joint collaboration between RDA and ReSA (Research Software Alliance), and recently published four case studies of research organisations that have implemented policies that support research software (<https://doi.org/10.5281/zenodo.16919320>)
- Update provided by Pedro Hernandez Serrano (Maastricht University) & Carlos Martinez-Ortiz (Netherlands eScience Center)
